

On July 29, 2010, the Nicholasville City Commission awarded the bid for the Nicholasville Streetscape Project to the Allen Company, who was the successful low bidder, in the amount of \$1,678,810.80 for the Nicholasville Downtown Streetscape project that will include Main Street from Oak Street to Chestnut Street. The project will be funded with state bond money that was appropriated in the 2008-2010 Biennial Highway Construction Plan. The project will help to generate new business opportunities, improve accessibility and enhance aesthetics in downtown Nicholasville. The project should be completed by summer 2011.

On September 2, 2010, a pre-construction meeting was held between the City and The Allen Company. The work will begin on September 13, 2010 on the East Side of the block running from Main to Walnut. The initial start date was to begin on September 7, 2010 but it was decided by all to hold off until after the Jessamine Jamboree that will be held on September 10 and September 11, 2010.
