

Streetscape News. Breaking news, Sept. 28, 2010

Mayor Meyer, Judge Cassity and Rep. Bob Damron meet with the Governor for obtaining additional funds for Streetscape since the contract was over budget. In the City Commission meeting last night, Rep. Damron announced we will be receiving an additional \$250,000.00!! A check presentation will happen in October with the Governor in attendance.

Streetscape is going well. I visit business owners weekly to hear their comments and concerns. On Mondays the Streetscape Committee has a public meeting at City Hall, 10:00 am. Updates are posted on the NN website and City's website. Maps will be posted this week.

The Spooky Time Committee is working out the details of this popular event. We are hoping to have Main Street closed from Oak to Maple or Chestnut. Central Bank will be showing Disney's Hocus Pocus movie at dusk with Magician performing before movie. We will keep you updated on candy and details. We decided to allow politicians with strict guidelines to participate for a fee of \$20.

Just a reminder that I am in and out of the office due to meetings (5 yesterday!) and streetscape. Next week is WEG volunteering. Please feel free to give anyone my cell number.

Hope to see you soon!

Tonya
